

WACEM2019DUBAI
DAY ONE
 OCTOBER 22, 2019 (TUESDAY)

07:30 - 08:30	Registration		
08:30 - 09:20	Keynotes		
08:30 - 08:50	Teresa Smith		
08:50 - 09:00	Shahraiar Zehtabchi		
09:00 - 09:20	Opening Ceremony		
09:20 - 09:50	 Coffee Break		
09:50 - 11:05	Updates in Critical care and resuscitation I	ED Administration and patient flow I	Toxicology Emergency I
09:50 - 10:05	Airway management in trauma patient Rebecca Jeanmonod	Triaging the "Triage" Aruna Munasinghe	Cardiotoxic Plants and Herbs Ashish Bhalla
10:05 - 10:20	Advances in Interventions for Acute Massive and Submassive Pulmonary Embolism: What is Old is New Again Michael Firstenberg	Is Length of Stay at Emergency Services predictor of Outcome of Admitted Patients? Ram Prasad Neupane	VICC in snake bites: tests available and role of transfusion Siju Abraham
10:20 - 10:35	Cardiac injuries. What everyone should know to give them a chance for survival? Juan Asensio	Beyond Lean in ED Samiddhi Samarakoon	Cardiac Channels and Toxic Potential Sage Wiener
10:35 - 10:50	Safe Conscious Sedation in ED Joydeep Grover	Uzbekistan experience in patient flow management Khikmat Anvarov	Toxicity of Anti-hypertensive Drugs Praveen Aggarwal
10:50 - 11:05	Q & A	Q & A	Q & A
11:05 - 11:30	 Coffee Break		
11:30 - 12:45	Shock and sepsis managements I	Ethics and Standards for organ donation role ED	Challenges in ED nursing
11:30 - 11:45	Sepsis screening at triage Himanshu Kataria	Brain death determination Harry Anderson	Assessment & Management of Patient with Sepsis Remigio JR Almazan Candido
11:45 - 12:00	Early Recognition of Sepsis Patients in the Emergency Department. Manish Garg	Plugged in only to be Plugged Out Vimal Rohan	The challenges of assessing alcohol intoxicated patients for a head injury in the emergency department Ciara Hoban
12:00 - 12:15	Improving Survival for Sepsis Patients Dianne McCallister	The Ethical Aspects of Intravenous Drug Use and Recurrent Endocarditis Michael Firstenberg	The role of emotional first aid in the improvement of our quality of care Moh'd Hauem
12:15 - 12:30	Septic shock -Surviving sepsis guidelines 2017 The Surviving Sepsis Campaign Bundle: 2018 update Intensive Care Med Rajeshwari Vhora	Leave a Legacy of Life -ED and Organ donation Firoze Sogiawalla	Trauma's Lethal Triad: Nurse's role in recognition, prevention and Management Gabby Arafles
12:30 - 12:45	Q & A	Q & A	Q & A
12:45 - 13:45	 Lunch Break		

13:45 - 15:00	ED Administration and patient flow II	Artificial intelligence & future of Emergency Medicine	Prehospital care
13:45 - 14:00	Medical reconciliation in the Emergency department Akram Hussain	"Point of Care App's In ED: Drinking from A Firehose" Manu Ayyan	Telecommunication facility in Ground Transportation – A Novel, Simple and Effective Method Ajith Venugopalan
14:00 - 14:15	Quality indicators in ER -is it the pathway to quality care Mohammed Haneef	AI: Unburdening the Decision Fatigue Vimal Rohan	Chain of emergency care between prehospital and in hospitals. Saad AlQahtani
14:15 - 14:30	ED Administration and patient flow- Personal experience Rajeshwari Vhora	Demystifying Artificial Intelligence in Emergency Department. Ashok Kumar Sankaranarayanan	Pre-hospital Triage: A comparison between different protocols and utilities Pia Daniel
14:30 - 14:45	ED Administration and patient flow Bonnie Arquilla	Artificial Intelligence in ED: a threat or an opportunity for Emergency Physicians Himanshu Kataria	Prehospital Health Services from the perspective of the administrator and coordination with emergency Kenan Ahmet Türkdoğan
14:45 - 15:00	Q & A	Q & A	Q & A
15:00 - 15:15	 Coffee Break		
	Trauma – Japan Experience	WACEM Meets Africa	ED ultrasound
15:15 - 17:00	<p>Trauma critical care in Japan including recent knowledge~ Modulator: Tetsuro Nishimura Taro Irisawa</p> <p>Our trauma evaluation and care in TACCC of Osaka University Hospital in Japan Takeyuki Kiguchi</p> <p>The best timing of CT scanning among adult trauma patients Tomoya Hirose</p> <p>ER diagnosis in the future: Challenge to development ER image diagnosis support system using artificial intelligence Masahiro Miyashita</p> <p>Short-term outcome of surgical or non-surgical treatment for spinal cord injury with no bony injury</p>	<p>"A preventable death study in Ashanti region of Ghana: using a structured implicit review process Hussein Yakubu</p> <p>"Mass Casualty incident management at the Addis Ababa Burn Emergency and Trauma Center. Gellila Mengistu Meheret</p> <p>"A description of the utilization of business tool in understanding and improving ED patient flow" Maysel Forson</p> <p>"A synchronous and asynchronous distance training for course for clinical research" Rockefeller Oteng</p> <p>"Establishing a functional research office and infrastructure in Ghana: challenges and lessons learned " Jonathan Boakye</p>	<p>The lame and the blind concept in ultrasound guided vascular access. Aruna Munasinghe</p> <p>Advanced cardiac ultrasound in pulmonary embolism Donald Jeanmonod</p> <p>Visual Decision-making in genitourinary emergencies Naman Agrawal</p> <p>POCUS: femoral vein size and Expansibility test to detect intravascular status in a patient. Vivek Chauhan</p> <p>Q & A</p>

07:30 - 08:30	Registration			CPC Full Day
08:30 - 09:20	Keynotes			
08:30 - 08:50	Bonnie Arquilla			
08:50 - 09:00	Sanjeev Bhoi			
09:00 - 09:20	Ayesha Al Memari			
09:20 - 09:50	 Coffee Break			
09:50 - 11:05	Cardiac and vascular emergency I	Trauma and Sport Medicine I	Simulation in emergency medicine Moderator: Omar Nouri RHTC	Ashish Bhalla Praveen Aggarwal Bobak Zonnoor Siju Abraham Vimal Krishnan Manu Ayyan
09:50 - 10:05	Demystifying RV Failure or Never forget what's Right! Vimal Krishnan	ED Thoracotomy in 2019. Harry Anderson	ED Simulation Shruti Chandra	
10:05 - 10:20	New insight in the early management of acute heart failure. Salvatore Di Somma	Trauma: 2018-2019 Donald Jeanmonod	ED simulation in emergency process and protocol Pia Daniel	
10:20 - 10:35	Common emergency ECG pitfalls Naman Agrawal	Trauma Tales – Tales telling a tale. Samidhi Samarakoon	Robotic Neuro Surgery - Is it the Future Jagath Rathu Gamage	
10:35 - 10:50	CAG/PCI for post arrest ventricular VF comatose patients. Dave Gaieski	Anterior cruciate ligament ACL injuries management update Velayutham Swarnakumar	How to develop an EM simulation Faculty Amit Jaiswal	
10:50 - 11:05	Q & A	Q & A	Q & A	
11:05 - 11:30	 Coffee Break			
11:30 - 12:40	Updates in Neuro-emergencies	Women in Leadership Moderator: Ayesha Al Memari	Updates in biomarkers and point of care procedures	
11:30 - 11:45	ED challenges in the management of stroke patients in their golden hours – an Indian perspective. Mohammed Haneef	Female leadership in Medicine & effective mentoring Rebecca Jeanmonod	All you need to know about troponins. Vivek Chauhan	
11:45 - 12:00	Updates on the management of non-convulsive seizures in the emergency department Shahriar Zehabchi	Women in leadership – are men failing? Anver Hamdani	Catch me if you can Vimal Rohan	
12:00 - 12:15	Recent Updates in Adults & Pediatrics TBI Sanjay Vhora	Women in Leadership: creating a diverse EM department Teresa Smith	Bedside diagnostics and procedures in the intensive care unit Harry Anderson	

12:15 - 12:30	The study : Acute stroke care in emergency units: Improving door to needle times Freniza Montara	After # Me Too – Avoiding the pendulum swing Dianne McCallister	How POCT biomarkers can help in early diagnosis and management of septic shock Salvatore Di Somma	
12:30 - 12:45	Q & A	Q & A	Q & A	
12:45 - 13:45	 Lunch Break			
13:45 - 15:00	Disaster Medicine Moderator: Eman Omar	Mortality and Morbidity	Shock and sepsis managements II	CPC Full Day
13:45 - 14:00	Changes in combat casualty management as the result of the recent Iraq and Afghanistan conflicts. Juan Asensio	Triage and M & M Firoze Sogjwalla	The Role of Biosurgical Agents in the Management of Severe Bleeding Michael Firstenberg	Ashish Bhalla Praveen Aggarwal Bobak Zonnoor Siju Abraham Vimal Krishnan Manu Ayyan
14:00 - 14:15	Disaster preparedness-professional vs public. Novil Wijesekera	Morbidity and mortality – are they identical twins? Samiddhi Samarakoon	Evidence based choice of resuscitation fluid in shock Naman Agrawal	
14:15 - 14:30	Vulnerable population (Pediatric and neonatal) in disaster Nitin Chawla	Mortality & Morbidity in Peculiar sense... Mortality of patients & morbidity of family members... Emphasizing the need for socio-economic models of healthcare in Emergency Medicine" Rachana Bhatt	Is there a potential role of personalized medicine in sepsis ? Himanshu Kataria	
14:30 - 14:45	Major Incident Planning Joydeep Grover	Systematic Approach to Index Management Dianne McCallister	Shock and sepsis managements in state emergency hospital in Uzbekistan: achievements and challenges. Abdukhakim Khadjibaev	
14:45 - 15:00	Q & A	Q & A	Q & A	
	GREAT ITALY Symposium		Challenges and Updates In EM I	
15:00 - 18:00	Medical Education & Research: How to improve publications in Emergency Medicine Prabath Nannajakkara Lorenzo Palladino Salvatore Di Somma		ED Simulation - Why and How? Elizabeth Lee Reaching the learners of tomorrow: How to advance great teaching in the 21st century! Manish Garg Hospital decontamination in CBRNE. What the hospital do not know Mohd Alwi Hi Abdul Rahman ED Administration and patient flow (Observation Medicine in EM, Are we good observers?) Maria Aini Q & A	

WACEM2019DUBAI
DAY THREE
 OCTOBER 24, 2019 (THURSDAY)

07:30 - 08:30	Registration		
08:30 - 09:20	Keynotes		
08:30 - 08:50	TBA		
08:50 - 09:00	TBA		
09:00 - 09:20	TBA		
09:20 - 09:50	 Coffee Break		
09:50 - 11:05	Pediatric Emergency Medicine	Medical Education & Research I	Updates in critical care and resuscitation II
09:50 - 10:05	Approach to the pediatric airway. Shruti Chandra	How to do a PubMed search! Siju Abraham	Cardiovascular, Vascular Emergencies Transvenous Pacing in ED, Do we need to wait for cardiologist? Nicole Tyczynska
10:05 - 10:20	Child Abuse and Neglect Nitin Chawla	VICTAS trial--Vitamin C, Thiamine, and Hydrocortisone for severe sepsis/septic shock with respiratory or circulatory dysfunction. Dave Gaieski	Ketamine for the Management of Acute Pain and Agitation in the ICU: Future, Fiction or Just another Drug-Induced Hallucination? Amr Mohamed EL-Said
10:20 - 10:35	Agitated Pediatric Patient – A challenge in ER, Auto Immune Encephalitis – A diagnostic Dilemma in ER. Ajith Venugopalan	Building Department's research capabilities: how to create a culture of residents; education. Teresa Smith	Necrotizing Fasciitis Siddharth P. Dubhashi
10:35 - 10:50	Quad bikes & Pediatric Maxillofacial Trauma: A Public Health Menace for a Vulnerable Population Joseph Muhammad	Cultural Competence in Medical Education Siddharth Dubhashi	Traumatic Vs Spontaneous Subarachnoid Hemorrhage Amit Agarwal
10:50 - 11:05	Q & A	Q & A	Q & A
11:05 - 11:30	 Coffee Break		
11:30 - 12:40	The young minds: Aspiring future	Toxicology Symposium II	Medical Education and Research II
11:30 - 11:45	The Use of bedside ECHO to guide thrombolytic therapy in Pulmonary Embolism Linda Yousif & Hend Khalid	Antidote against Newer Anticoagulant Sari Soghoian	Emergency medicine researches. Saad AlQahtani
11:45 - 12:00	Metformin Toxicity Asma Kiani	Newer Antidote Ashish Bhalla	Medical Education and research - Undergraduate Medical Education Shruti Chandra
12:00 - 12:15	Rare Case of Hypokalemic Periodic Paralysis Aquib Sheikh	Methylene Blue – Not Just for Methemoglobinemia Sage Wiener	"Mastermind Groups: Leveraging your professional development in EM " Manu Ayyan

WACEM2019DUBAI
DAY THREE
 OCTOBER 24, 2019 (THURSDAY)

12:15 - 12:30	Burnout Among Physicians Amani Mohammed El Khalifa	Toxicologic Ischemia Sari Soghoian	How good are systematic reviews: A critical analysis? Sunil Raina
12:30 - 12:45	Q & A	Q & A	Q & A
12:45 - 13:45	 Lunch Break		
13:45 - 16:30	Trauma and Sport Medicine II	Career path in Emergency Medicine	Challenges & updates in ED II
13:45 - 14:00	REBOA. A new and old technique. What's are the outcomes? Juan Asensio	The role of academicians in the development of emergency Medicine Başar Cander	Pain free ED: Chronic pain management Rashidi Ahmad
14:00 - 14:15	Human Factors in Management of Major Trauma Joydeep Grover	Career path in Emergency Medicine career options for Emergency Medicine physicians Bonnie Arquilla	Post-Arrest Care... Interventions That Save Lives! Ali Al-Shareef
14:15 - 14:30	The dark side of trauma. Aruna Munasinghe	Advancing the Professional You: How to Master Conflict! Manish Garg	Physiology-guided CPR: The rationale for using DBP and ETCO2 as resuscitation goals instead of the cookbook of the AHA guidelines. Dave Gaieski
14:30 - 14:45	The U-SALAD approach to tackle a Difficult Airway Vimal Krishnan	Leadership in Disaster Medicine Why less is more in crisis. Mohd Alwi Hi Abdul Rahman	Management of emergency Medicine room crowd: physician and patient satisfaction Afşin Emre kayıpmaz
14:45 - 16:15	Q & A	Q & A	Q & A
16:15 - 16:30	Closing Ceremony
